MAKO FIRESTOPPING

VAI RESORT • FEB 2022-2026

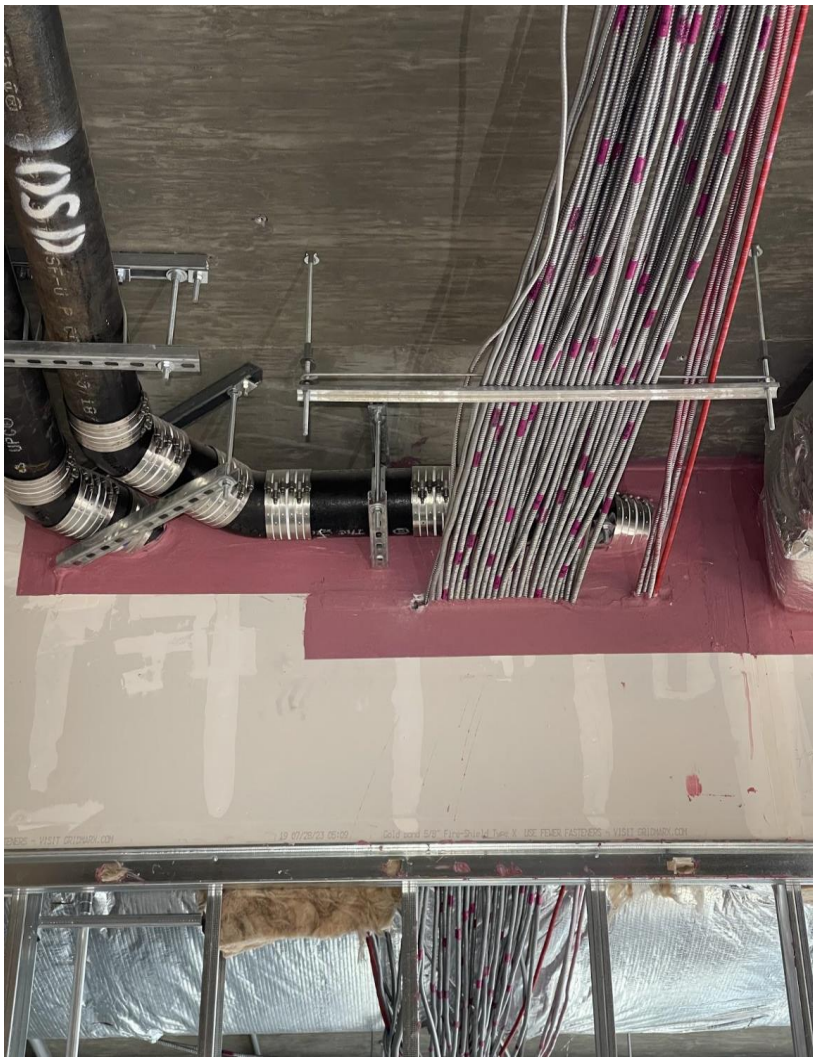

MAKO has more than 12 years in field experience handling Firestopping and has witnessed the evolution of the trade itself. Here at MAKO we have an unwavering commitment to quality, cleanliness, and integrity above all else.

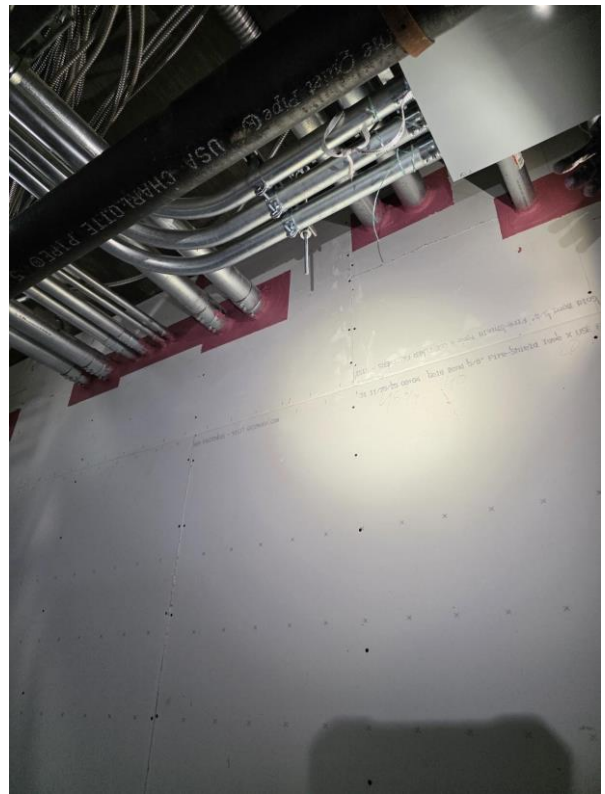

Why choose MAKO for your next job?

MAKO is a family owned business that understands the value behind completing works correctly the first time. From meeting deadlines for inspections, to helping you navigate your Fire system needs, we have the experience you're looking for.

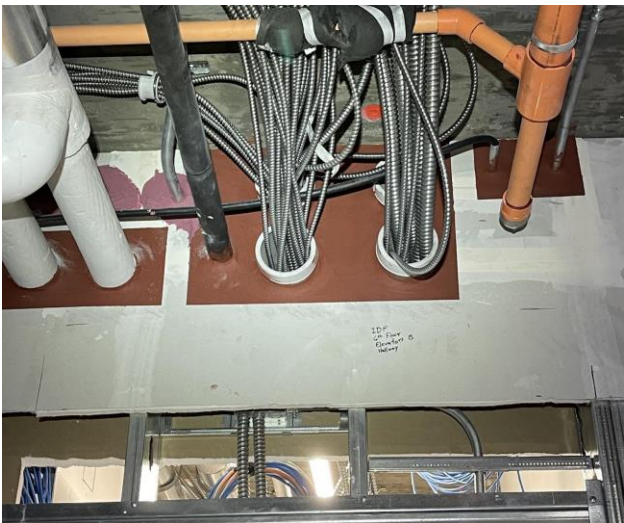

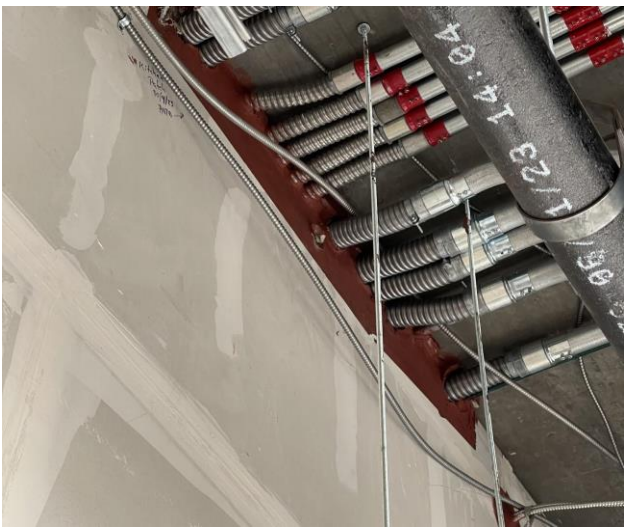

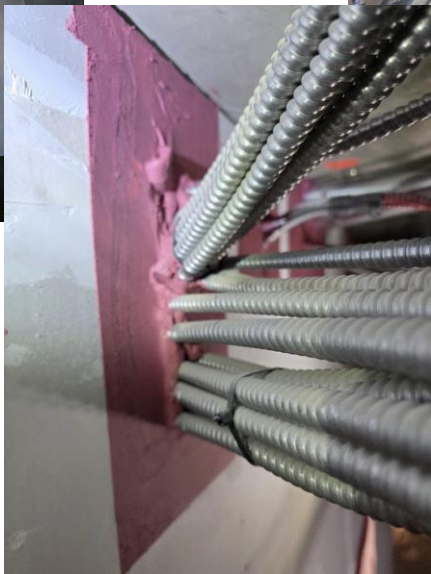

Our commitment to quality and attention to detail remain essential in any job we perform.

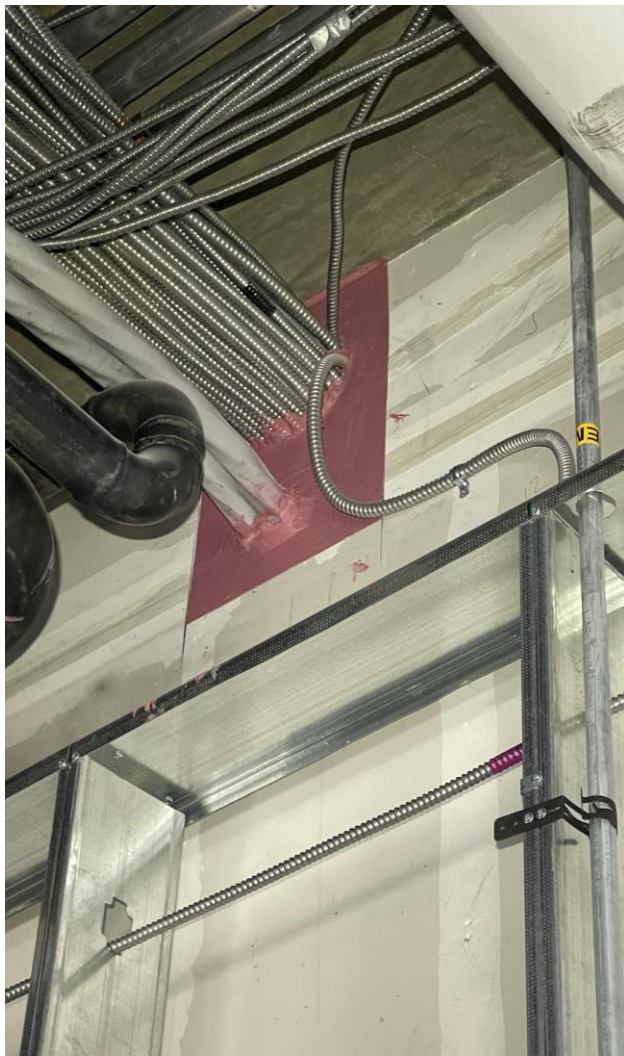

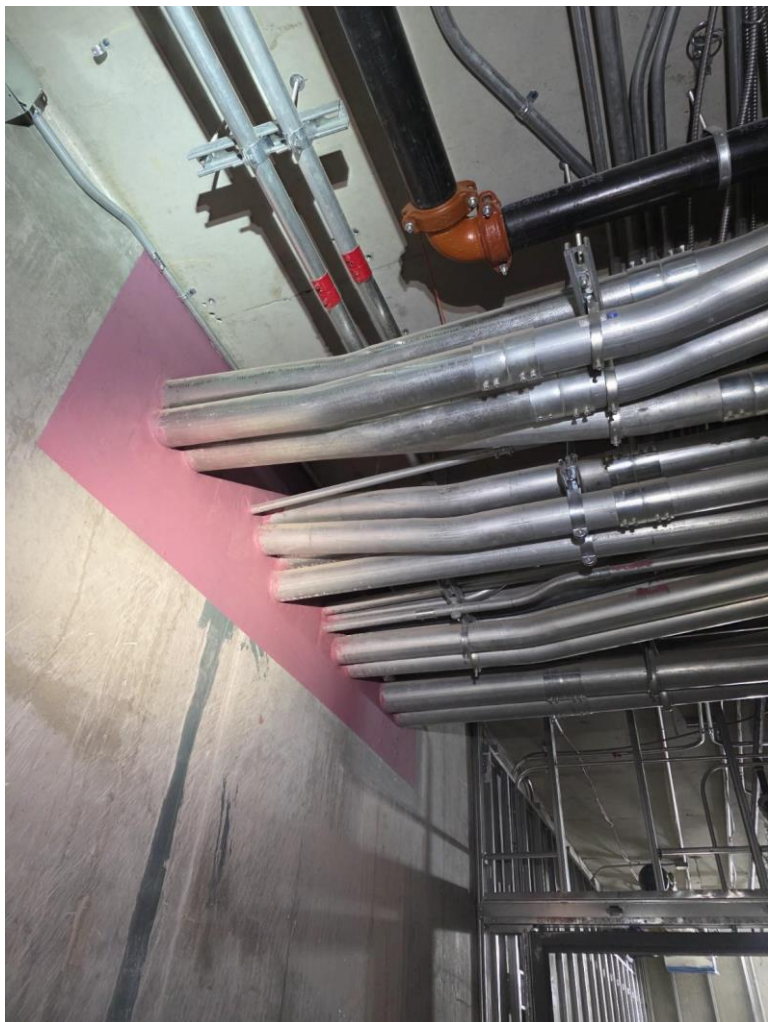

Electrical Firestopping

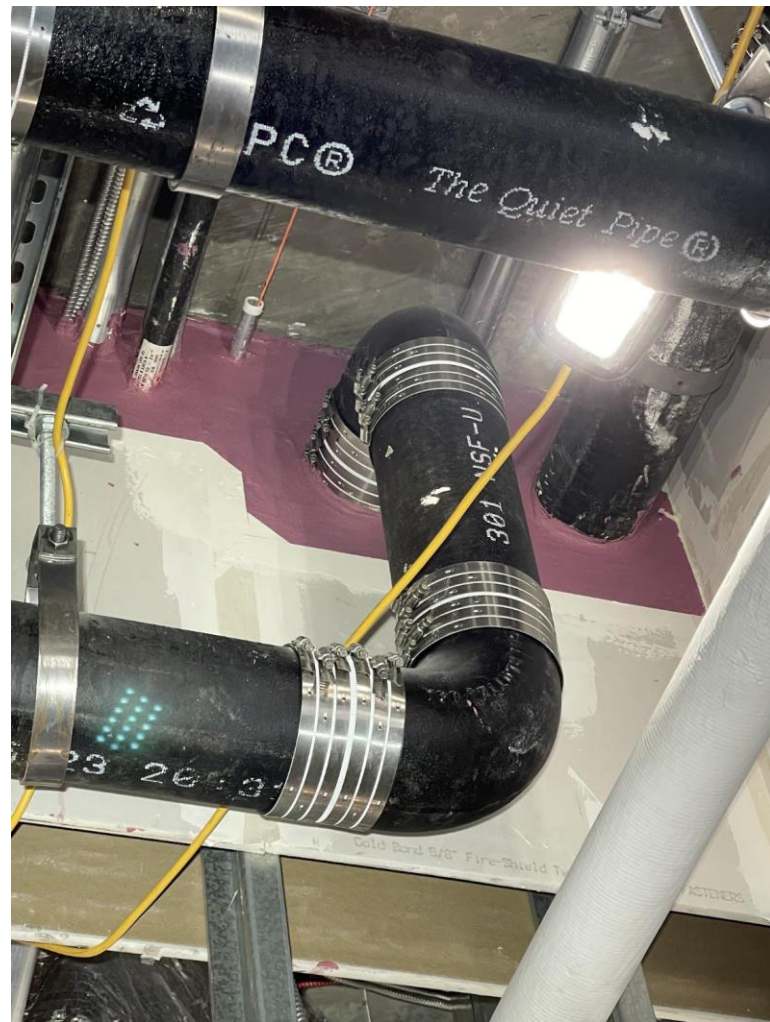

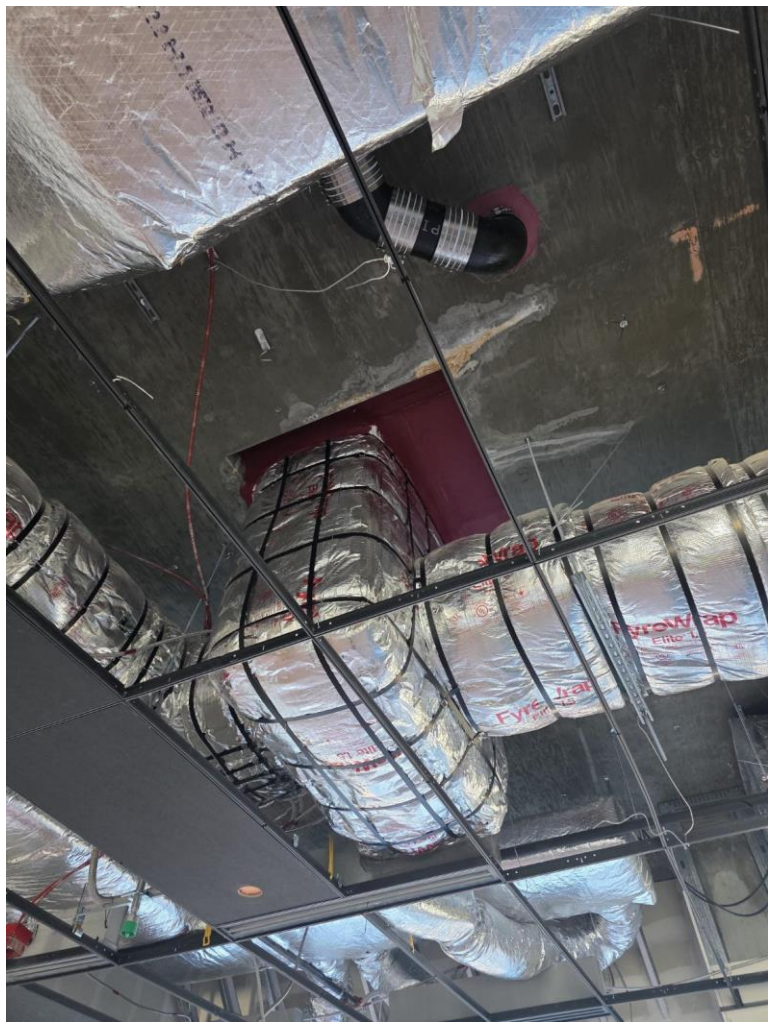

HVAC // Plumbing

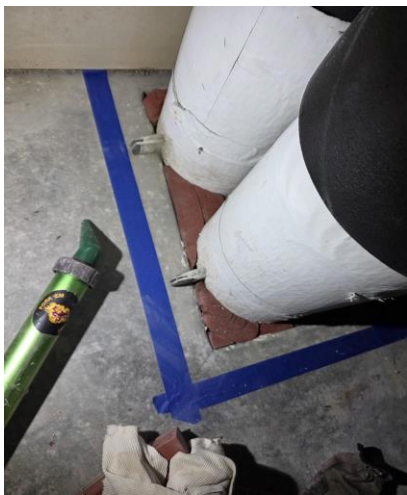

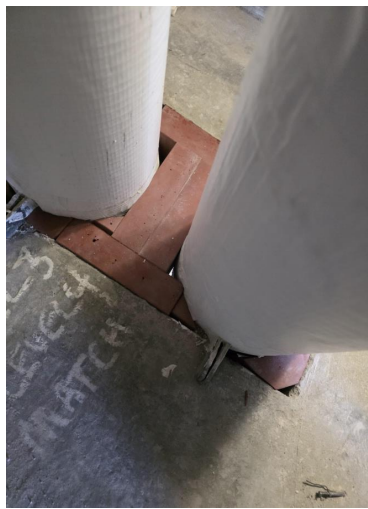

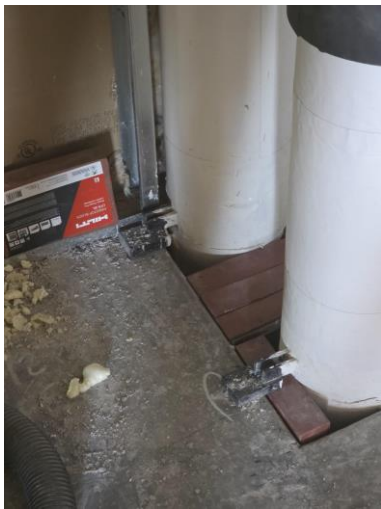

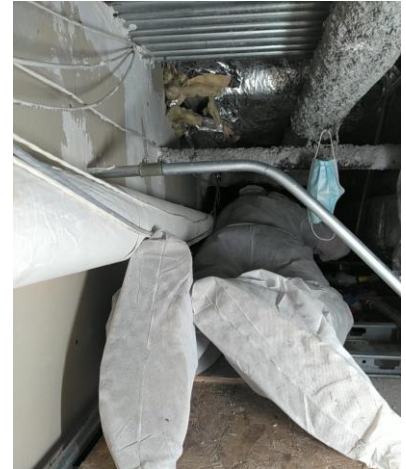

HILTI CFS-BL Installation (Fire Brick)

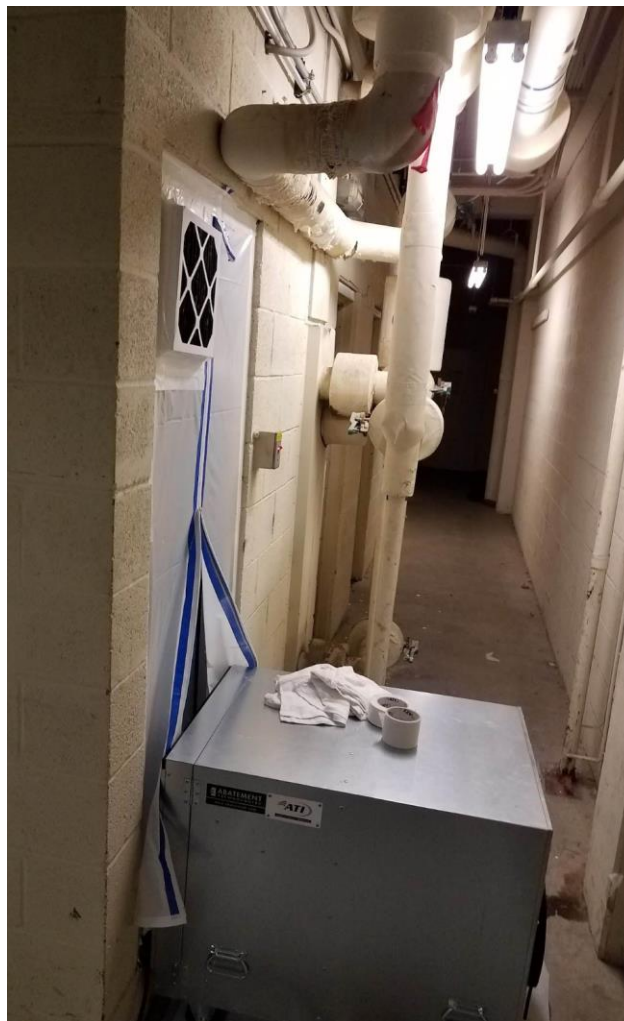

MAKO is familiar with complex working conditions. Whether it's commercial buildings or healthcare facilities in any phase of construction, we are confident in the work we provide.

We also provide clean room construction. Our experience with healthcare facilities demands we work in the most efficient and cleanest way possible. We extend that to anyone we partner with.
